## TRANSPORTATION Insurance Specialists

### KOROTKIN INSURANCE GROUP

KIG has been in the transportation insurance business for 25 years, and we realize the frustration transportation owners have in obtaining insurance. Whether you are a limousine, black car, non-emergency, taxi, bus or an executive coach transportation company, KIG is your solution. Unlike some brokers who only represent a single or maybe a few transportation carriers, KIG represents the majority of transportation insurance carriers around the United States. This helps us obtain the best results for you. Chances are, we represent your current carrier, which allows us to assess your situation quickly and advise you of the best carrier for your company.
